KING STEPS OUT LOOKING LIKE HE NEEDS DIAPERS

VETERAN talk show host Larry King made a splash while at Craig's restaurant in Los Angeles – right in his pants! The 81-year-old celeb seemingly couldn't hold it in as he waited for his car outside the Hollywood hot spot. Though Larry's rep said it was a spilled drink, the aging icon ended up with a spreading wet spot!

WORLD EXCLUSIVE

DISGRACED former Illinois Governor Rod Blagojevich has suffered a nervous breakdown behind bars – and his famous mop top is now a dazzling snow white!

These extraordinary world-exclusive photos – snapped by a jailhouse snitch and obtained by The National ENQUIRER – dramatically show how America's most celebrated political inmate has gone loopy during his three years locked away at a Colorado correctional facility.

"He doesn't really socialize and is very paranoid of everyone," The ENQUIRER's spy said.

Somber Blagojevich – federal inmate No. 40892-424 – whiles away his days bizarrely bab-

bling about President Barack Obama and vowing that he will one day reclaim electoral glory!

"He's constantly muttering to himself about Obama and blames the president for him being in prison and is sure he will be released within the year," said the jailhouse source. "He plans to run for president as soon as he can!"

"Rod has a very nice cell to himself, and the few inmates with whom he does talk believe he's completely had a

mental breakdown.”

It was just three years ago that Blagojevich, now 58, entered the Federal Correctional Institution, Englewood, a low-security facility outside Denver, to begin a 14-year hitch for trying to sell the U.S. Senate seat Obama vacated when he was elected president in 2008.

The former “Celebrity Apprentice” contestant went into the big house with a famous head of floppy brown hair, but hard time has clearly been cruel to the coif.

The jailbird is undoubtedly stressing out while awaiting word on a last-ditch appeal that he hopes will free him from a prison-issue ensemble

of a T-shirt and track pants.

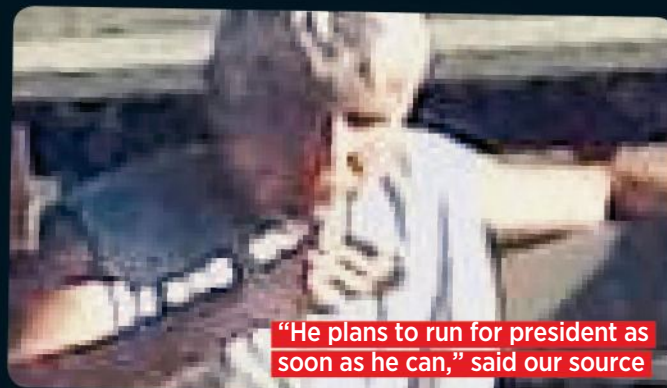

“He has a Texas gang looking out for him in here,” said the source, who snapped the top-secret photos and laid bare his day-by-day humiliation.

“He also talked up his connections to the Chicago mob before he arrived.”

News of Blago’s breakdown should surprise no one – after

all, his brother, Robert, confessed in a new book there was always something peculiar about his sibling.

“My parents weren’t sophisticated enough to have maybe diagnosed something then, and [they] tolerated his behavior,” Robert said.

“He plans to run for president as soon as he can,” said our source

JESSICA'S DEADLY BOOZE & PILLS MIX!

Overdose is in the cards for Simpson, experts warn

JESSICA Simpson's obsession with losing weight has friends fearing she's headed for an overdose - because she depends on booze and pills to keep the pounds off, The National ENQUIRER has learned.

"It's turned into a full-blown crisis," a source told The ENQUIRER. "There's real fear she's sliding down a slippery slope if she can't curtail this dangerous behavior."

The singer and ex-reality show star is also "on the verge of a collapse," according to the source, because she hasn't recovered from her drastic 70-pound weight loss following the 2013 birth of her second child, son Ace. She also has a 2-year-old daughter, Maxwell, with husband Eric Johnson.

"While she once claimed her 'target weight' was 110 pounds, she's actually down to 92 or 93 pounds and can't

seem to stop dieting," added the source.

Jessica raised eyebrows with a rambling, slurred interview at a March 14 Teen Vogue event in New York.

Now a published report has identified Adderall - a drug intended to treat ADHD - as a substance Jessica was abusing to lose weight.

A medical expert told The ENQUIRER the friends' fears are well-founded. The star - who started a \$1 billion fashion line - could suffer an overdose if she keeps mixing booze and pills.

"Combining a stimulant like Adderall with alcohol is like lighting a match near an open gas line," said Dr. Stuart Fischer, who has not treated Jessica. "It's especially dangerous and dramatically increases the chance of a deadly overdose."

The expert warned that Jessica could also be in danger of brain hemorrhage, kidney failure, muscle breakdown or psychosis.

"Jessica has so much going for her," added the source, "but she's going to throw it all away if she can't break this booze-and-pills diet habit!"

Jessica and Eric were shopping in New York last month, and posed with their children last November

NATALIE WOOD'S SISTER WRITES LETTER URGING CHRISTOPHER W

HEARTBROKEN Lana Wood is pleading to Christopher Walken to expose the “hateful lies” and reveal the truth – what really happened the night Natalie Wood died!

The National ENQUIRER has exclusively obtained a letter that Natalie Wood’s distraught sister addressed to the Oscar-winning actor – whose testimony could solve the mystery of the screen legend’s bizarre death!

Walken, now 72, appeared with Natalie in the sci-fi film “Brainstorm” and was partying with his co-star and her husband, Robert Wagner, aboard the yacht “Splendour” on Nov. 28, 1981 – the night before Natalie, 43, was found

Did Walken [above] come between Wagner and Natalie?

‘I don’t understand why Natalie isn’t being given the respect of the truth’

‘I’m pleading with you to be the brave forthright person Natalie found you to be’

drowned in the waters off Catalina Island, Calif.

And now Lana is appealing to Walken to tell what he knows.

“I’m pleading with you to be the brave forthright person Natalie found you to be ... and tell what really happened,” Lana wrote.

But what “really happened” could force Walken to address the bombshell claim that Nat-

alie had attempted to flee the yacht after catching him in a gay clinch with her husband.

Pennsylvania-based interior designer Robin Buttillo told The ENQUIRER of how Walken admitted to a close friend that he was in bed with Wagner in the hours before Natalie went overboard.

As The ENQUIRER revealed in a bombshell investigation,

DEATH THREATS TO DJ CASEY OVER THE RECORDS HE PLAYED!

SPINNING records nearly cost Casey Kasem his life!

According to blockbuster documents in his FBI file – obtained exclusively by The National ENQUIRER – the beloved radio DJ, who passed away at age 82 last June, received multiple death threats.

A St. Louis woman bombarded Casey with a series of bizarre letters in 1980

FBI files reveal nut jobs wanted him dead

saying she “intended to destroy him,” and vowing “serious physical consequences” to his wife and children.

When confronted by FBI agents, the woman admitted she was in love with the

“American Top 40” host, and angry because he’d married a younger woman, his second wife, Jean.

Chillingly, she also confessed she’d been influenced by the shooting of Beatle John Lennon, and had considered buying a gun.

She agreed to seek psychiatric help, and was not prosecuted.

In the most terrifying case, a Mississippi listener penned a rambling six-page letter threatening to kill Casey for not playing his song request.

“Read carefully Idiots and Fools. I do like you and I hope you die in your sleep

WALKEN TO COME CLEAN OVER THAT ROMP WITH ROBERT WAGNER

S Christopher - We have never even been properly introduced, and I don't really know you. All I do know is Natalie thought you were a fascinating and talented actor. She spoke of you quite a lot. I'm hoping that your memories of her as a warm and kind friend are sufficiently vivid for you to step up and tell the detectives what you really know about the night she died.

I understand "face", I understand not wanting to relive the trauma of that night. I understand a feeling of some sort of complicity - But I don't understand why she isn't being given the respect of the truth - Absolute, unfiltered or modified.

Christopher, it would mean so much to so many thousands, and more than faceless fans, me. Her sister. And, the rest of our family all the way to our relatives in Russia who are pained and incredibly saddened by the whitewashing of the truth and the hateful lies.

I'm pleading with you to be the brave, thoughtful person Natalie found you to be... and tell what really happened. I know her too well to accept the bullshit told. Find it in your heart. Find it in your soul. Please. *Lana Wood*

Hollywood homicide detectives recently recreated the crime scene on the "Splendour" - and found chilling evidence pointing to Wagner as a person of interest!

The investigators flew to Hawaii to address new accusations from the captain, Dennis Davern - whose description of that night specifically implicated Wagner in Wood's death.

ENQUIRER EXCLUSIVE

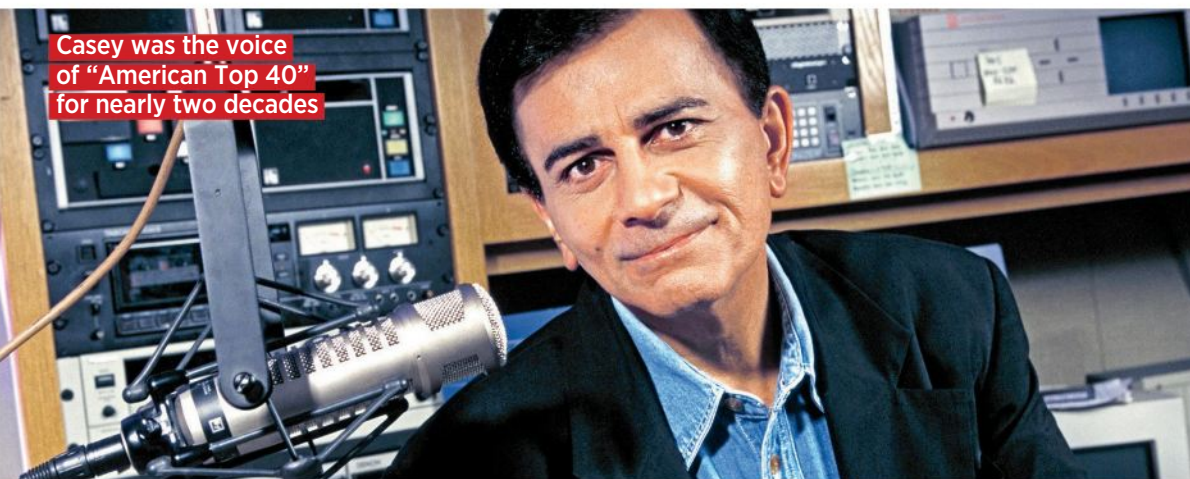

A repentant Dennis provided the authorities with a revised account of that troubled evening, recanting previous testimony and claiming the stars returned to the "Splendour" after a night of drinking.

Dennis also claimed to have witnessed a violent struggle between Natalie and her husband that night. Her bruised body recovered from the water the next morning.

Wagner, 85, has refused to cooperate with the reopened investigation. Walken hired an attorney, and has reportedly met with detectives at least twice in their new probe.

- JOHN BELL

IN LIGHT of the building evidence, The National ENQUIRER is again challenging screen legend Robert Wagner to take a polygraph test and prove once and for all he had nothing to do with the mysterious drowning of his wife, Hollywood icon Natalie Wood. We vow to work with his representatives to set up a lie detector - administered by an authorized and independent professional - that will provide the ultimate platform to squash all doubts about his role on that fateful night. If Wagner agrees now, it could speak volumes about his claims of innocence. If he doesn't, we will continue to demand for his account!

Casey was the voice of "American Top 40" for nearly two decades

very soon," adding that he knew where Casey lived and threatening to do him bodily harm.

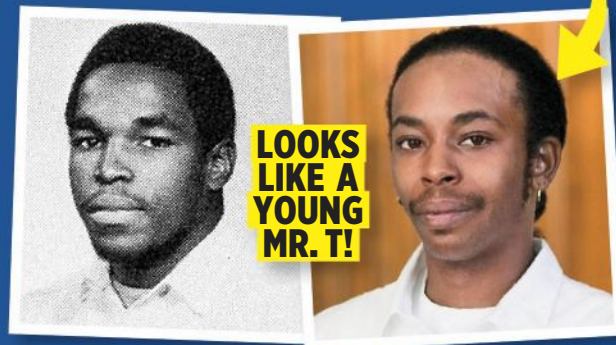

At one point the writer threatened to "re-enact the massacre" at a McDonald's in San Ysidro, Calif. - a tragedy where a gunman killed 21 people before being fatally shot.

The FBI found the writer had been arrested for carrying a knife. He lived with his parents, and the case was dropped when they promised to monitor him. Despite that, agents noted in the file: "Consider subject armed and dangerous."

MR. T IS MY DAD!

Son of 'A-Team' star's former flame ***demands*** beefy actor ***take DNA test***

FORMER “Rocky III” star Mr. T is tearing apart homes on his new design show – but now he’s in court over whether he built himself a family back in the ’80s!

It’s a decades-old paternity fight for the “A-Team” actor, with 26-year-old college student Alexander Taylor going to San Diego Family Court to force him to submit to a DNA test.

“He just wants the acknowledgment – he wants to know who his dad is,” Alexander’s lawyer, David Beavans, told *The National ENQUIRER*.

“It’s been a long fight.”

The legal battle is coming back at an awkward time for Mr. T, as he’s trying to make his own comeback with a home renovation show for the DIY Network called “I Pity the Tool.”

The series will feature the 62-year-old muscle man demolishing sections of outdated homes in preparation for a modern makeover.

But now Alexander’s lawyers are saying that it’s time for Mr. T – notorious for proclaiming, “I pity the fool!” – to stop acting like one and admit he’s the father!

Mr. T, a famously born-again Christian who loves kids, is refusing to voluntarily submit to the DNA test.

David Beavans was unable to discuss details of the current court case, but documents obtained by *The ENQUIRER* from previous cases show that Mr. T was in an on-and-off relationship with Alexander’s mother, Vanessa Taylor, in 1988 – the same year as Alexander’s birth.

Mr. T has maintained that a paternity test done in the early ’90s proved he was not the father. But an appeals court tossed out that DNA result in 2003, and ordered the lower family court to conduct a newer – and more reliable – test.

The tough-talking star even sued Alexander for “malicious prosecution” in April 2014, claiming that his reputation was damaged after the young man filed a federal lawsuit accusing him of “abuse and neglect.” Both lawsuits were dismissed.

As a teenager, Alexander tried to visit Mr. T at his Illinois home to make peace with the actor.

“Mr. T opens the door and says, ‘Where’s your mama? Go find your mama,’ and slams the door in his face,” David told *The ENQUIRER*.

“He’s not a nice guy.”

THE MOST HATED WOMEN IN AMERICA

Lookalike Melinda, left, has been compared to notorious mom Casey, right. The details are also eerily similar

CHILLING MURDER MIRRORS CASEY ANTHONY KILLING!

THIS story might sound familiar.

A pretty young woman suffocates a little girl and coldly duct tapes her small mouth, but insists she's innocent – despite a mountain of damning evidence against her.

Meet Melinda Muniz – the chilling clone of suspected murder mom Casey Anthony!

"There's no doubt Casey was the inspiration for Melinda's evil actions," said Carlene Clark Altom, who's making a documentary, "The Amazing Grace Project," about the horrific toddler murder.

While Muniz is a dead ringer for Anthony, the two share more than just a physical resemblance.

Muniz, 26, of Plano, Texas, suffocated her fiancé Mitch Ford's daughter Grace Lillian on Jan. 9, 2014 – just weeks short of her third birthday.

That made blue-eyed cutie pie Grace precisely the same age as Anthony's own toddler

daughter, Caylee!

Muniz was furious that Mitch had dumped her after finding raunchy cellphone pictures she'd sent to another man, a personal trainer.

Anthony submitted sexy cellphone shots to a "hot body" contest – even as police searched fields near her Florida home for Caylee. The toddler's skeletal remains were found in Dec. 2008.

Both women's computers also contained web searches for ways to kill.

And while Anthony claimed she'd left her daughter with a nanny, Muniz told cops that an intruder assaulted her, and murdered Grace.

Unlike Anthony, who remains free to this day, Muniz was convicted and sentenced to life in prison without parole.

"I am relieved justice was served," said Grace's devastated mom, Emily Ward.

"But the way Gracie died will haunt me till the day I die."

DOUBLE DEATHS IN WORST ABUSE CASE *EVER!*

A MONSTROUS Detroit mother savagely tortured her children – killing two of them and stuffing their battered bodies in a freezer at her home for over two years!

Thirty-five-year-old Michelle Blair has admitted to the heinous murders of her daughter Stoni Blair, 13, and her 9-year-old son, Stephen Berry.

"They're both dead. I did it," Blair declared as she was arrested on March 26 – after workers evicting the deranged mom discovered the corpses.

In a sickening twist, Blair claimed that she killed the kids because they had "sexually assaulted another child." No evidence has been found to support her slander against her own children.

In chilling court documents obtained by The National ENQUIRER, Detroit police

said Blair told them she repeatedly tied a belt around Stephen's neck, and scalded him "in a boiling hot tub of water" before suffocating him on Aug. 30, 2012.

Nine months later, Michelle strangled Stoni with a T-shirt – and made her oldest daughter place her sister's corpse alongside her dead brother!

Blair's surviving 8-year-old son told authorities that "he knew his sister and brother were killed and subsequently placed in the freezer."

The remaining children had extensive scarring from physical abuse – mostly from frequent beatings with an electrical cord.

Children's Protective Services admitted they had investigated Blair on two prior occasions without taking action. There was no record of her kids attending school within the past two years.

"That's why no schools were wondering where they were," said neighbor Shane-tria Lanier. "When people asked her where the kids were, she said they were at her aunt's house."

Stoni's father, Alex Dorsey, told reporters that he'd attempted to visit his daughter, tearfully asking: "Why did she have to die?"

Mitchelle appeared disinterested during her arraignment

Rehab veteran
Kelly was
spotted
outside a bar
in late March

JOBLESS KELLY IS BACK ON THE BOOZE!

KELLY Osbourne may have quit E!'s "Fashion Police" for the right reasons, but sources fear she's using the setback as a rationale to ruin her sobriety.

"People are worried, and now that she is unemployed, people fear for her because she is in a lot of pain and isn't opening up to anyone about it," a friend told The National ENQUIRER. "She just says everything is 'fine' whenever anyone tries to reach out."

The British reality TV star, 30, was snapped outside The Roost, a Los Angeles bar, on March 27 – an alarming development for a seven-time rehab vet with a history of drug, alcohol and bingeing woes.

A representative for Kelly denied she had been to rehab for drinking or to Alcoholics Anonymous meetings, stating: "She's in a great place mentally, physically, emotionally and professionally and has everything under control."

To make friends' concerns worse, Kelly had already started withdrawing following the death of "Fashion Police" co-star Joan Rivers last September.

TWO BLONDE STARS WISHING FOR THEIR VERY OWN **LITTLE BARBIE GIRL!**

Gwen, 45, wants to adopt a daughter ...

ACKNOWLEDGING that she's too old to give birth to another child, 45-year-old Gwen Stefani has told close friends she's set to adopt a little girl!

The sexy singer already has three sons with rocker hubby Gavin Rossdale, 47 – Kingston, 8, Zuma, 6, and Apollo, 1 – but she wants to bring a little femininity to the brood, pals said.

"She loves her boys with all her heart, but she's desperate for a little girl," revealed a longtime friend. "She wants someone to be a Mini-Me!"

In 2004, it was revealed that Gavin, lead singer of

Bush, has a daughter – 29-year-old Daisy Lowe, a model – from a previous relationship.

Gwen and Gavin think adopting a little girl is the best option.

"There are so many children in the world in need of a good home, it just seems the right thing to do," the source said.

The couple has already been working with European adoption agencies, said insiders, and hopes to have a child by the end of the year.

"Then their family will be complete," added the pal.

Gwen posed for a selfie with baby Apollo on a trip to a farm earlier this month

... While **Jenny,** 42, is trying the natural way!

SHE'S an aging MTV queen and he's a 45-year-old boy band member – but Jenny McCarthy and Donnie Wahlberg are still determined to have a baby!

The 42-year-old newlywed and her husband are ready to let nature take its course – as sources confirmed to The ENQUIRER!

"Jenny knows that she might have a difficult time even conceiving," a close pal of the couple said.

"But she and Donnie talked it over, and decided to give it a shot!"

The "Playboy" pinup

married the onetime New Kid on the Block back in August, and the celebrity couple already have three sons between them.

Donnie is father to Xavier, 22, and 13-year-old Elijah – while Jenny has

12-year-old son Evan.

Now the couple is dreaming of adding a daughter to their blended family.

"Jenny is such a girlie girl," said the source. "She'd love to have a little girl around the house to shop for dresses and Barbie Dolls!"

The couple is particularly wary of fertility treatments, though.

Jenny's son – from her earlier marriage to John Asher – is autistic, and the former "View" host has been famously outspoken about her belief that vaccines may have been responsible for his condition.

"They are leaving things up to fate," said the source.

"They're going to roll the dice – and are just hoping for the best for now!"

BARRY Manilow secretly married his longtime male lover in a ceremony at the couple's California home last April, The National ENQUIRER can exclusively reveal.

The "Copacabana" crooner said "I do" to Garry Kief, his manager and the president of Barry Manilow Productions, an insider said.

The intimate ceremony was attended by 50 guests who were led to believe they were invited to lunch at the couple's multi-million dollar Palm Springs mansion!

"It was a total surprise. When they arrived they were told it was a wedding!" a source close to the 71-year-old told The ENQUIRER.

"Barry has lived a very secretive life and the wedding was no different! Barry and Garry did not tell friends or family that the occasion was their wedding," the insider explained. "It was a beautiful wedding and consummated their lifelong love affair!"

But the happy duo did not file the paperwork to formalize their union out of fear the big news would leak, sources said.

"Barry is paranoid that his fans would not approve of him being gay, when in reality, many have suspected it for years – and most wouldn't care," the source said. "They would be happy for him!"

Longtime friend and Palm Springs neighbor Suzanne

Barry and Suzanne and, below, the beautiful venue

■ Wedding held in Palm Springs (not Copacabana!)

■ Neighbor Suzanne Somers acted as 'Best Man'

Somers was the best man, and Marc Hulett – Barry's assistant since the 1980s – performed the "commitment ceremony" after he registered online to become a minister.

THE DRAMATIC development in the "Mandy" hitmaker's personal life ends the constant speculation – *is he, or isn't he gay* – that has followed him for his entire adult life.

Though he's never said one way or another, Barry has been a gay icon ever since he shed his inhibitions – and his clothes – to sing in front of a crowd of a thousand naked men at a same-sex bathhouse.

The wild scene came as Barry was clawing up the showbiz ladder in the '70s, and was a rare moment of abandon for the notoriously uptight star!

The Emmy- and Tony Award-winning singer "got his break playing in gay bathhouses with Bette Midler, and rumors about his sexuality started from there," said an insider.

Despite his sexual preference, women would go "nuts for him" and Barry "could charm the pants off any lady," his onetime singing partner, Jeanne Lucas, has said.

"I was miserable because Barry wasn't picking up on my vibes," she said.

"I really couldn't understand why he wasn't reciprocating.

"On stage, we were supposed to be America's sweethearts. But between sets, he would run across the street to a gay bar and I would go in there and grab him and say, 'Are you crazy?'"

In a little known secret, Bar-

ry had a brief marriage – to a woman – in the late '60s, but he hadn't dated anyone for years, publicly at least.

Fans recently began speculating that he might have married when he performed on stage wearing his wedding band.

"I'm not saying he owes us any explanations, of course he doesn't," one supporter wrote on Facebook.

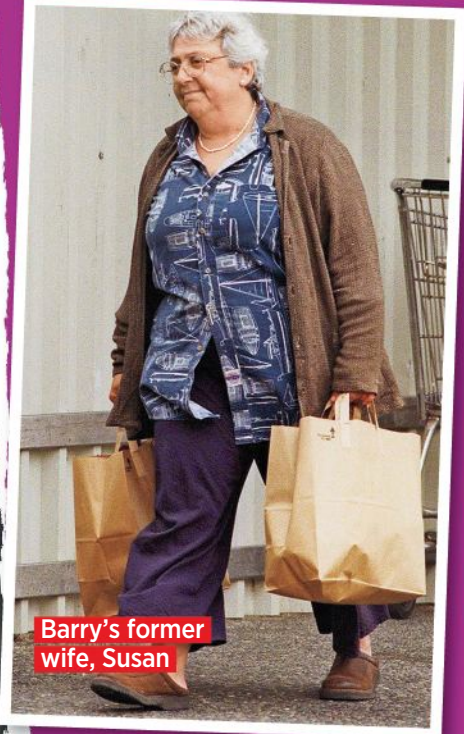

GARRY, 66, who was also married to a woman and has a daughter, reportedly left his wife to be with Barry.

"It's a beautiful love affair that has lasted more than 30 years," a source said.

Added the insider: "The heart wants what the heart wants. Now Barry and Garry are wearing the same ring!"

Barry marries Garry: MANILOW'S BIG GAY S

First marriage to a WOMAN lasted less than a year

Barry's former wife, Susan

WHILE golden-voiced crooner Barry Manilow is now married to a man, there was a time when he was married to a woman.

And not just any woman; High school band geek Barry married the prettiest and most popular girl from his high school, Susan Deixler!

"In high school, Barry was very tall and skinny; a homely kid with thick braces and a huge Adam's apple," a classmate from Eastern District High School in Brooklyn, N.Y., recalled.

Barry graduated from high school in 1961, and he and Susan eloped six years later – but the marriage was annulled in less than a year.

"What a difference 50 years makes," added a source. "Now Barry is one of the most popular musicians in the world, and he married a man!"

Barry shows off his wedding ring with Garry in tow

Garry's "beautiful" love affair with Barry has lasted 30 years!

MARY'S SATANIC CULT STUNNER!

Moore was duped by *evil group* linked to Charles Manson

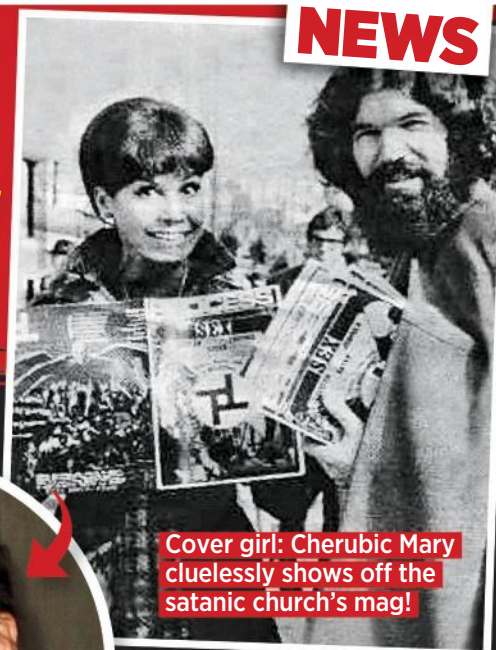

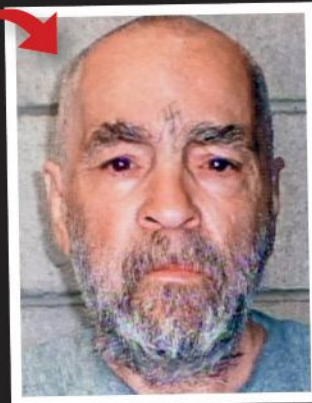

HERE'S a side of Mary Tyler Moore fans likely have never seen before: holding up the radical newsletter of a notorious satanic cult!

The National ENQUIRER obtained this shocking 1967 photo of the beloved star in London; Mary smiles next to a man and displays "Process Magazine," the in-house publication of The Process Church of the Final Judgment, with its swastika-styled logo on the cover.

Mary clearly doesn't know she's holding "The Sex Issue," featuring articles on "sex magick" honoring the cult's Three Great Gods: Jehovah, Satan and Lucifer!

"It's absolutely clear that poor Mary was duped into endorsing the Process Church - having no idea it was an evil cult!" a source told The ENQUIRER.

"Certainly it was a coup for the church to get Mary to pose for this photo - possibly for their own recruiting purposes

Cover girl: Cherubic Mary cluelessly shows off the satanic church's mag!

beginning to infiltrate the U.S. with its message that Christ and Satan will reconcile at the end of the world and pass judgment on humanity.

Vincent Bugliosi - the prosecutor in the Manson Family murder trial

- because she personified the sweet girl next door in America, and the type of individual the evil cult would like to brainwash!"

As The ENQUIRER previously reported, the 78-year-old TV legend is losing her long struggle with numerous health woes and appears to be "at death's door," as one eyewitness recently suggested.

But at the time of this trip, Mary was only 31, and the Process Church was just be-

lieves the members were a strong influence on Charles Manson. The church also attracted Hollywood stars flirting with satanism - including Sammy Davis, Jr. and sex symbol Jayne Mansfield.

"No doubt they tried to get Mary to join in their sick ways," the insider told The ENQUIRER. "But there's no indication her affiliation with the cult went any further than her posing for this picture!"

Bruce's PSYCH WARD HELL!

BRUCE Jenner's bizarre behavior has the Kardashian clan ready to stage an emergency intervention, The National ENQUIRER can reveal.

The gender-bending reality TV star has been flying into fits of rage and acting disoriented, and family members have considered committing him to a psych ward!

"They're scared about whether Bruce is in the right state of mind to look

after himself," said a family insider.

As his transition to a female continues into the 68th week since The ENQUIRER first broke the story, Bruce has become wildly unpredictable, sources said - and he has also struggled with his recent Malibu car crash that left one woman dead.

"The accident had a huge effect on him. He's jumpy and erratic," said the source.

The Olympic hero,

65, is already in therapy, preparing for gender-reassignment surgery.

"Bruce feels that if he makes the permanent leap to living as a woman, it will help stabilize him," said the insider, adding that the

clan has discussed putting him in a psych ward, and "forcing him to get the help he obviously needs.

"His family thinks he's ready to jump the rails!"

LIPO!

Faster than any diet,
it's the secret surgery of
suddenly skinny stars

Who's had it?
Who hasn't?

HOLLYWOOD and plastic surgery practically go hand-in-hand. Some stars are very open about getting the fat sucked out of them, but some remain mum. Plastic surgeons Dr. Victoria Karlinsky and Dr. Lyle Back share their opinions but ENQUIRER readers, you decide: Who's had lipo? Who hasn't? And who is just plain-old lying about it?

COURTNEY LOVE

The blonde rocker has admitted other surgeries – but insisted she's never had liposuction. It's hard to explain the weird lines around her breasts and ring of fat around her belly button.

DEMI MOORE

The rumor is she had lipo before "Charlie's Angels: Full Throttle." She's said: "I would be lying if I said I don't have moments of panic when I look into the mirror and see things creeping in that weren't there before."

KATHY GRIFFIN

Her liposuction was almost fatal. She put pictures in her memoir, saying: "I want women to know that this is what lipo looks like. Like, are you sure you don't want to just work out a little more?"

MARIAH CAREY
The pop star had twins in 2011 – and Dr. Karlinsky said: "She does look amazing. This is highly unusual after carrying a twin pregnancy." Mariah, she's decided, "most likely had some help."

CYNDI LAUPER

She's been keeping people guessing. The rumors persist, but mostly because Cyndi has been so outspoken about her botched tummy tuck surgery back in 2006.

KYLE RICHARDS
She's one of the "Real Housewives of Beverly Hills," which means real experience with lipo. "After having four kids, no matter what exercise I did, the love handles wouldn't go away," she said.

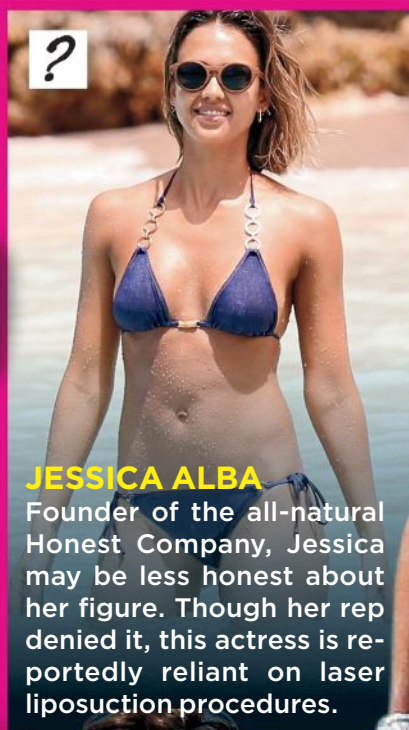

TARA REID

A legend of bad lipo! Dr. Karlinsky said: "She's had overly aggressive liposuction which resulted in severe unevenness in the abdominal skin." Dr. Back added: "It makes her terrible breast implants look good."

KIM KARDASHIAN

Her ex-husband Damon Thomas said he paid for her boob job and liposuction. "She wanted to be what she ultimately became," he said. And that's sure worked out in her favor!

JESSICA ALBA

Founder of the all-natural Honest Company, Jessica may be less honest about her figure. Though her rep denied it, this actress is reportedly reliant on laser liposuction procedures.

HEIDI MONTAG

"Getting lipo is my biggest regret," Heidi said - after having fat removed from her waist, hips, neck and thighs. The reality show star insisted she developed cellulite from the procedures.

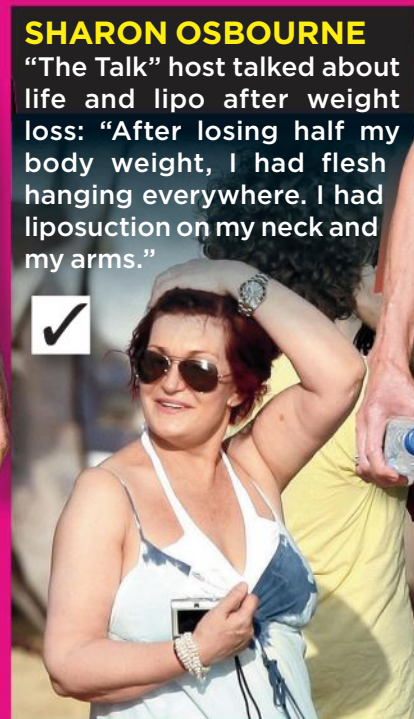

DONATELLA VERSACE

The designer's countless surgeries include lipo. Dr. Back said: "Too skinny, body fat too low, and more loose, poorly aged skin - these are circumstances where one should avoid liposuction."

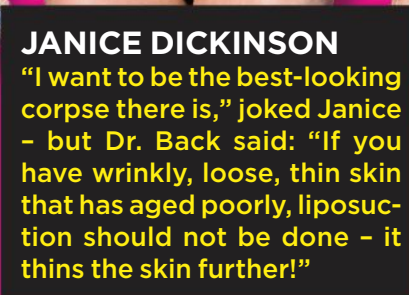

STAR JONES

She dropped 100 pounds with a gastric bypass, and followed up with a tummy tuck and lipo. "I couldn't get rid of the stomach. I'd gotten rid of all the fat, but I couldn't get rid of the skin," said Star.

SHARON OSBOURNE

"The Talk" host talked about life and lipo after weight loss: "After losing half my body weight, I had flesh hanging everywhere. I had liposuction on my neck and my arms."

JANICE DICKINSON

"I want to be the best-looking corpse there is," joked Janice - but Dr. Back said: "If you have wrinkly, loose, thin skin that has aged poorly, liposuction should not be done - it thins the skin further!"

BRITNEY SPEARS

A source told The ENQUIRER in 2014 that Britney was on a \$150,000 makeover of dieting and exercise, including "LipoDissolve treatments on her butt, stomach and thighs at a Las Vegas clinic."

HOLLYWOOD

Hookups! All the latest in love & war!

Second baby's **TWO MUCH** for Carrie!

COUNTRY queen Carrie Underwood and Mike Fisher may be beaming publicly over baby Isaiah, whom they showed off for the first time in recent pics – but they're battling behind the scenes about whether to have another!

Carrie, 32, gave birth Feb. 27, and wants to get back out on the road. But hockey stud Mike, 34, wants his wife to be barefoot and pregnant again.

"Mike wants to convince Carrie to have kids close together in age, and take another year or two off!" said a pal close to the couple.

"Carrie thinks it's unfair. He gets to keep playing hockey, and she's home doing the heavy lifting."

GOLDIE TO KATE: DITCH CHRIS!

Goldie Hawn is horrified that daughter Kate Hudson is getting cozy with Coldplay's Chris Martin and wants her to dump the rocker!

"Goldie is well aware of Chris' womanizing and thinks the last thing Kate needs right now is a sleazy horndog!" said a pal.

The 69-year-old star is furious that Kate and the Cold-playa have gotten cozy at the same Malibu beach house where he recently romped with Jennifer Lawrence and previously shared with his "consciously uncoupled" wife, Gwyneth Paltrow.

"Kate says Chris brings excitement to her life, but Goldie isn't buying it," added the friend. "She's desperate for her daughter to settle down with Mr. Right, but thinks Chris is definitely Mr. Wrong!"

Wrinkly Mick Jagger, 71, and 27-year-old ballerina Melanie Hamrick were caught looking cozy again on camera in early April in NYC!

January Jones is "Mad" about "The Last Man on Earth" co-star Will Forte. Both have gotten very personal since meeting on set.

WHO'S DOING WHO?

Susan Sarandon's ex, Jonathan Bricklin, 37, said he hated being called her boy toy: "Her family and friends felt I wasn't good enough!"

Embittered exes Jeremy Renner and Sonni Pacheco have finally reached a 50-50 custody settlement for their 2-year-old daughter.

MOUNTING HEALTH WOES MAY DRIVE THE

AILING VAL KILMER OFFERS A SHOULDER TO CRY ON

SUICIDAL Cher sought out – and has received – comfort from her debilitating blues with an old, also ailing, flame: Val Kilmer!

Just months after Val was rushed to a Los Angeles hospital over a throat tumor, The National ENQUIRER has learned the “Batman Forever” star and the “If I Could Turn Back Time” singer are leaning on each other to weather their respective hard times.

“Cher cares very much about him and visited him when he was in the hospital. She’s always been friendly with all her exes. His health and well-being are important to her,” a Cher insider acknowledged.

“Many questions & I’m tired. Been working on something with Val,” the songstress cryptically Tweeted on March 3.

The insider said that could only refer to Kilmer, since “she doesn’t know any other Vals. They’ve been good friends for many years.”

Indeed, it was a 1982 issue of The ENQUIRER that first blew the lid off a budding romance between the well-established star and the then-struggling actor.

Cher, a nominee for “Silkwood,” and Val at the 1984 Oscars

LEGENDARY singer and actress Cher is fighting for her life – ravaged by a continuing illness and mired in a crippling depression that’s cost her the will to live!

Now her concerned friends are going public, telling The National ENQUIRER that they fear Cher is settling into her tragic last days!

The Oscar-winning “Moonstruck” star – 68 years old and worth a reported \$320 million – is suffering from both physical ailments and the stress of a turbulent personal life, including:

- Her disastrous “D2K” concert tour, which was plagued by infighting, lawsuits and medical woes that left a “devastated” Cher canceling 29 shows.

- Family feuding after Cher forced her estranged son, Elijah Blue Allman, and his new bride to leave her Malibu home – which she now believes is haunted by her late ex-husband, Sonny Bono;

- A shattered ego as Cher’s longtime battle with the Epstein-Barr virus wreaks havoc

on her heart and kidneys, while forcing the famously vain diva to accept her advancing age;

- Fears over her son Chaz’s yo-yo dieting, as the former little girl known as Chastity tries to launch an acting career as a hot male star; and

- An aging mother who Cher is too depressed to visit – even though a source noted that Cher lives “practically right down the road” from her.

“She’s tired at almost 70,” confided a longtime friend.

“Tired of fighting battles for everyone, her neighbors and her own family. She’s truly depressed!”

WHAT’S MORE, insiders are particularly concerned over how the newly reclusive Cher has spent the past six months recreating the last time that her career cratered in 1991 – when the star vanished for five months when first ravaged by the Epstein-Barr virus.

At the time, she told a friend: “This disease makes me feel bone-weary, deeply depressed – and as though all my muscles have turned to Jell-O!”

Cher’s vanity would lead

The diva was in vintage form at a 2014 show in Los Angeles

to her becoming an industry joke in Hollywood with an attempted comeback in the 1996 film “Faithful,” which studio executives decided not to release.

NOW, CHER IS watching her dream of relaunching her “D2K” tour die yet again, with the continuing delays – caused by an infection that “affected her kidney function” – serving as another cruel reminder of her age.

“She feels like she let her

fans down," a source told The ENQUIRER.

"The tour was building momentum, but then lawsuits were filed by her dancers, and Cher got sick.

"[She] was having meltdowns about her boyfriends, Elijah, Chaz and no one was happy."

CHER HAS ONLY made one public appearance since the tour was canceled, and her publicist confessed to The ENQUIRER that doctors had outfitted her with a heart monitor after continuing kidney woes.

Now the frustrated entertainer seems confined to her Malibu mansion.

"Cher has a golf cart that she loves," said one local.

"She used to be seen driving [it] around Malibu with a hat and glasses. She would wave to people and chat – but those little rides seem to be a

thing of the past."

A spokesperson for the star denied that Cher has been crippled by depression, and noted Cher was scheduled to make a courageous public appearance in Brazil on April 10.

BUT OTHER MALIBU sources said that Cher seems "very isolated" – and former members of her inner circle are saddened to see her spending her days in bed using a laptop computer to rant on social media about politics.

"Her management even went to Cher to say she's got to tone it down, because she's coming across as angry," another source said.

"She told them to f--k off, and blamed management for the way everything collapsed."

Dr. Mark Goulston is a renowned psychiatrist – and while he hasn't treated Cher, he's familiar with the kind of depression reported by insiders.

"If there is someone who is close to Cher, you don't need her permission to break into her place and say, 'I'm going to keep you company until you walk out the other side of this,'" he advised.

Meanwhile, one source finds hope in how Cher still seems "desperate" for a comeback, but added: "Her body is not in shape – and she just doesn't want to be seen!"

SCIENTOLOGY

PRISCILLA'S **WILD** SCIENTOLOGY ROMPS!

Church hunk bedded her after confession sessions

SHE'S a treasured celebrity Scientologist, but Priscilla Presley couldn't keep her Church of Scientology lover from getting tossed into the organization's prison labor camps!

The ex-bride of Elvis had a steamy relationship with her top Scientology advisor – and now The National ENQUIRER has the details about the consequences for Priscilla's passionate lover!

Priscilla, 69, first met the handsome church leader when he was assigned to be her personal “auditor,” responsible for listening to her deepest secrets during confessionals, sources told The ENQUIRER.

“He was auditing her, and then they were sleeping together,” said one source, who had read the top-secret church documents detailing the scandal. The alleged sex romps lasted over a period of months, another source revealed.

But as a high-ranking member of the Sea Org – the elite paramilitary wing of Scientology – the auditor

was held to a higher standard and greater punishment than others.

Sea Org members are prohibited from having sex with anyone unless they are married, and never with a “pre-clear” like Priscilla at the time – referring to a newcomer.

The ENQUIRER tracked down Priscilla's persecuted lover in Florida – although the 58-year-old now-former Scientologist would not confirm or deny the allegations and asked that The ENQUIRER not publish his name.

“I had a lot of pre-clears, but I really don't want to be talking about anything regarding the church,”

said the now-married Romeo.

While a rep for Priscilla said, “Ms. Presley never had a sexual relationship nor did she sleep with an auditor in the Church of Scientology,” other sources revealed the alleged relationship was uncovered after the auditor was interrogated by church leaders.

The auditor was then sentenced to the

church's dreaded “Rehabilitation Project Force.” After surviving his “rehab,” he was permanently assigned to the crew that mowed lawns at the church's California headquarters!

Ex-Scientologist and author Jefferson Hawkins told The ENQUIRER he met the auditor in 2004 when was “routing out,” which is the formal process for leaving the church.

“High-profile” member Priscilla wasn't punished for the indiscretion – that occurred in the early '80s and is now exposed by The ENQUIRER for the first time. “She probably doesn't even know to this day that [the auditor] was busted off his post,” added a source.

Movie mogul 'grope girl' a serial accuser

BIG questions are being raised about the motives of the beautiful 22-year-old model who has leveled sexual assault charges against high-powered Hollywood producer Harvey Weinstein!

Sexy Italian model Ambra Battilana allegedly refused to cooperate with New York City detectives after reporting the March 27 attack while she tried to "cut a deal" for a movie role with the producer's top aides.

The suspicious behavior led her attorney Mark Jay Heller to drop her as a client and puts a spotlight on her history for getting embroiled in sex scandals with rich and influential men.

In 2011, Ambra offered graphic testimony about an underage prostitution scandal that ensnared former Italian Prime Minister Silvio Berlusconi, exposing the hedonistic orgies conducted in his notorious "bunga bunga room."

In her latest charges against the married Weinstein, 63, Ambra claimed the "Gangs of New York" producer grabbed her breasts and slipped his hand under her skirt at his Tribeca Film Center office. A rep for Weinstein has declared he'll be cleared of any wrongdoing.

SHAMED SCHULLER WHISPERED WIFE'S NAME MOMENTS BEFORE DYING

DISGRACED televangelist Rev. Robert H. Schuller lost his will to live more than a year ago when his beloved wife of 64 years, Arvella, passed away – that was the secret behind his death, sources have told The National ENQUIRER. "His last wish was to reunite with Arvella in heaven," a close source revealed. "He softly whispered her name – that was his last word."

The 88-year-old religious leader died at a care facility in Artesia, Calif., early on April 2. Arvella passed away Feb. 11, 2014, at age 84.

"After Arvella died, he went completely downhill," another insider said, while the family insisted Schuller had bravely battled esophageal cancer since 2013. "She was

his rock and saw him through their best – and worst – times. "They were together for more than six decades. For 40 of those years, they worked together producing their 'Hour of Power' TV program."

The show reached 20 million viewers at its peak, and his ministry, headquartered in his Crystal Cathedral in Garden Grove, Calif., attracted celebrities like Charlton Heston, Wynonna and Naomi Judd, John Tesh, Kirk Douglas and Evel Knievel. His flock also included former presidents Richard Nixon, Gerald Ford and Ron-

ald Reagan. The reverend's world collapsed when he was accused of extravagant spending in a bombshell 2010 bankruptcy case. Documents showed his Orange County, Calif., megachurch owed about \$55 million to creditors, and the Schullers and their five children had enjoyed tax-free benefits for years.

His fall from grace led to a feud in which he battled his only son, Robert A. Schuller, for control of the church. The elder Schuller ended up nearly broke and homeless. In 2013, a U.S. bankruptcy judge awarded him \$615,625 for unpaid compensation.

Blonde ex-lover gave Getty fatal heart attack: Source

HE was worth billions – but the dead grandson of oil baron J. Paul Getty couldn't afford to fight with his heart-stopping ex-girlfriend!

Authorities found the body of 47-year-old Andrew Getty at his Hollywood mansion on March 31, with bombshell Lanessa DeJonge on the premises.

Now The National ENQUIRER can reveal that Andrew had filed a restraining order against Lanessa on March 16 – claiming she planned to kill him by making his blood boil!

Andrew said in court papers Lanessa was out to exploit his "serious medical condition."

"My doctors have advised me that heated arguments can cause my blood pressure to rise dangerously," he said.

"Lanessa is aware of [this] and she has exploited this information to demand money and property from me."

Andrew, heir to a \$2.1 billion fortune, also alleged that Lanessa had "kicked and hit me repeatedly."

Said the source: "He likely suffered a heart attack."

Andrew was heir to a \$2.1 billion fortune; above, former galpal Lanessa

BRAD Pitt and Angelina Jolie's most shocking and embarrassing secrets – including details of their marital woes, cheating fears, parenting problems and even drug abuse – may be publicly exposed after the loss of the couple's personal letters!

The sensitive missives were in Brad's care at their estate in France and were somehow misplaced during recent renovations.

"Brad went into a panic because he couldn't find them," said a close friend of the couple. "He's terrified that they were lifted by someone who wants to publicly humiliate them."

THE A-LIST couple's deeply personal and often contentious correspondence went missing in 2013, when Brad was filming "Fury" in England and Angie was in Australia directing "Unbroken."

"Late 2013 was the low point in their relationship," the source explained.

The messages included heated arguments about whether they should adopt another baby and how it might affect their suffering sex life, the source added.

"Brad was open about how he worried that Angie might fall for a woman again, and he even brought up her previous issues with drugs," the insider said.

- Problems Pitt had with **Jennifer Aniston**

THE LETTERS MAY also be humiliating for another A-lister who is frequently mentioned in them.

"Brad poured his heart out about the problems he had in his previous marriage to Jennifer Aniston, so she may be dragged into this mortifying mess as well!" said

another close friend.

Angie is furious at Brad because she blames him for being careless with their most private secrets, according to a close pal of the Oscar-winning actress.

"Ironically, Brad is usually very careful," said the source. "He hired a security tech who encrypts the family computers. He thought [the letters] were under lock and key."

BOTH BRAD AND Angie are sweating how the letters may impact their public image – and whether their marriage can survive the embarrassment.

"Their worst fear is that someone will try to cash in and destroy the wholesome image they've worked so hard to craft," the insider said. "Angie would be hu-

miliated if she were to be exposed as a fraud."

In the meantime, they continue their frantic search.

"They're praying [the letters] turn up soon," the insider added.

"If they do, Angie is demanding that Brad shred them immediately!"

Matthew McConaughey

The Oscar winner has adhered to a strict “no deodorant” policy for 25 unpleasant years! Former co-star Kate Hudson complained about his rank performance, but the “Dazed and Confused” stoner maintained his “Just Say No” stance.

Britney Spears

The pop princess has bad breath! “It reeks,” a source noted. “Her breath starts stinking 20 minutes after she brushes her teeth.” Fellow plane passengers also said they flew unfriendly skies, thanks to Britney’s foul feet!

Gwyneth Paltrow

She meant to impress at last spring’s elegant Met Ball in NYC, but this blonde beauty stunned them with body odor. The aroma was “pretty pungent, and I don’t think she had a clue,” said a witness. “I saw at least two people wave their hands in front of their noses after passing her.”

Mickey Rourke

Cast and crew run the other way when they see [or smell] this star on set. But in Mickey’s case, it’s not just body odor – it’s also his breath! “It’s a lethal one-two punch,” said a Hollywood insider.

STARS!

From cheesy feet to death breath, the celebs who don’t always smell so good!

Brad Pitt

He may be a hunk, but everybody who’s worked with him said: “He stunk!” Insiders report that Brad swore off soap recently – switching to a homemade concoction of lemons, water and apple cider vinegar. They also report it isn’t working.

Kristen Stewart

The 25-year-old actress is more grunge than glamour. Her affair with a director killed a romance with “Twilight” co-star Robert Pattinson, and her hygiene buried any chance for reconciliation. “Rob loved it when Kristen would dress up for shoots,” said a source, “but grew less enchanted with her when she’d rarely wash her hair and ditch the make-up and perfume.”

Leonardo DiCaprio

“The Wolf of Wall Street” superstar is an environmental activist who ditches deodorant in an effort to make the planet a little greener – and smellier. “He only showers a couple of days a week to conserve water, and considers deodorant to be ‘unnatural,’” according to a

source. Going natural smells like a rotten idea, Leo!

Kanye West

Kim Kardashian’s music mogul hubby keeps things a little too real for the reality star. “Kim says Kanye’s feet smell like rotten cheese, so she makes him wash them and coat them in baby powder every night before they go to bed,” dished a source. “She also demanded he change his diet to limit his sweating – or inject Botox into his armpits.”

HIS name is Gosling – Ryan Gosling! As filming winds down on “Spectre,” the 24th James Bond film, studio executives are already talking about replacing heartthrob Daniel Craig as 007 with renowned hottie Ryan.

A frustrated Daniel was already trying to get out of playing Bond even before 2012’s “Skyfall” – and last year’s leaked emails from Sony revealed that Ryan was a leading candidate to become the new face of the world-famous superspy!

Now a Facebook page titled “We Want Ryan Gosling for James Bond” has emerged, with loyal fans of the star arguing that the 34-year-old Canadian has the wit and charisma to keep the franchise alive.

Sony chief Amy Pascal had to resign over other leaked emails, but Ryan still has plenty of supporters at the studio – with powerful insiders also hoping that he’ll consider a role in the revamped “Ghostbusters!”

**Special Report by
Health & Fitness Editor
Steve Engerson**

NEW YORK —

You know what they say; if it sounds too good to be true, it probably is! That is, until recently when a small Colorado nutraceutical company developed the unbelievable... a new pill, that lets you drop dramatic amounts of weight — apparently without much effort at all!

Meet the Pill that Disintegrates Fat Cells ...While You Sit Still.

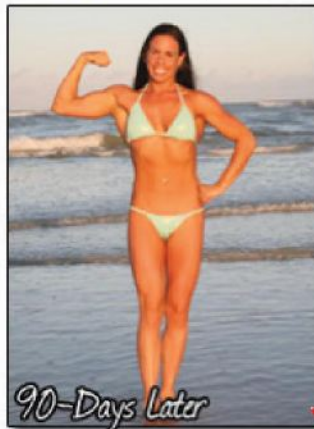

Shred360™ originally shook up the fitness industry because of the way it **DOUBLES** your fat-burning potential and made fitness models "camera ready" in dramatically less time.

It works by first breaking apart, then disintegrating your stubborn fat cells — so you drop pounds and inches even while you **SLEEP!** And best of all, Shred360™ was just released to the general public. That means you can experience unprecedented weight loss too.

Suzanne M.- From Cute to Stunning!

Fitness Professionals Praise The Fat Burning Power of Shred360™

"Shred360™ Is the Best of the Best. In all my years of being a Fitness Professional, I've never recommended a fat-burner because almost all fat burners fall short... but I was so impressed with the science, the ingredients, AND the personal results of this product - I contacted the company directly to share my excitement." Shaun Hadsall — Fitness Trainer, creator of the "4-Cycle Fat Loss" system

Analysts Think Shred360™ Could put Jenny Craig and Weight Watchers Out of Business by 2018

Analysts (who have studied Shred360™'s ability to isolate, breakup and eliminate fat from the body) predict traditional weight loss companies will be obsolete in the next 4-years.

Let's be honest. For most of us, the absolute ease of losing fat with Shred360™ is much more important than the science of "how it works". As one Wall Street Investor put it, "By using Shred360™ - you can eat like a normal person, skip the gym, and lose the fat you want while you sleep — so who in their right mind would ever use a company like **Jenny Craig or Weight Watchers?** The answer, clearly, is no one."

No more tasteless "diet frozen meals", no more prepackaged "food", no more time consuming trips to the gym, and no more clubs to join - **PLUS** Shred360™ nearly doubles your metabolism and burns fat while you **SLEEP** — making it the most important breakthrough in weight loss history... and that has mainstream companies worried...

Produced Under Highly Controlled Environmental Conditions In Small Batches, So Supplies Are Very Limited

Shred360™ was originally developed for Top Fitness Professionals (a very small market) and was never meant to be the all-around fat burner that it, thankfully, turned out to be. Because of this, Shred360™ is produced under highly controlled conditions, in one of America's Top Certified Supplement manufacturing facilities, in very small batches... making supplies quite limited. This production method guarantees that Shred360™ is always pure, always safe, and always effective. Shred360™ truly is a "Professional Grade" supplement.

Special Opportunity for Our Readers — Small Sample of Shred360™ Made Available with No-Questions-Asked 365-Day Guarantee!

Latifah leaves Jersey

QUEEN Latifah took a bath on her opulent home in her native New Jersey – after discounting her asking price by \$300,000, and finally selling the majestic pad at a big loss!

The rapper and actress sold the mansion for a disappointing \$2.1 million. That's \$50,000 less than she paid for it in 2001 – back when it was the first property she'd ever bought in N.J.!

Latifah isn't having much luck with her huge bungalow in Los Angeles, either. That one has been on the market since last year, and has also been reduced in price.

Ed's bucket list

EDASNER looks to be completing a primetime bucket list item with this month's appearance on "Criminal Minds!"

The legendary 85-year-old actor spent seven seasons on CBS' "Mary Tyler Moore Show," and the network is making sure Ed's busy in his golden years!

He made his second guest spot on "The Good Wife" last month, and has appeared on "Mom" and "Hawaii Five-O." An excited Ed insisted that he's "not a regular TV watcher," but added that "Criminal Minds" is one of his favorite shows!

JT retreats

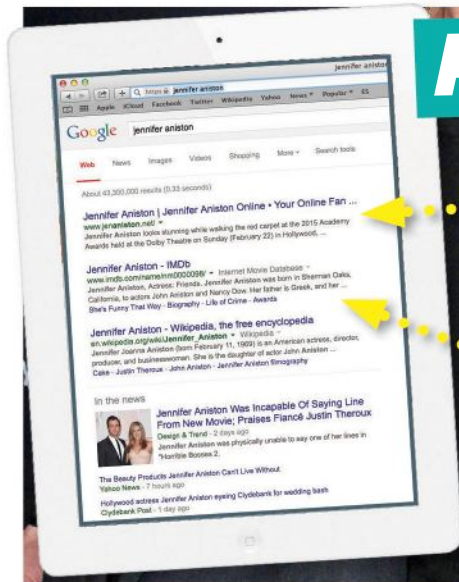

JUSTIN Timberlake is heading for the hills with his very pregnant wife, Jessica Biel! The "SexyBack" singer, 34, is ready to transform himself from superstar entertainer to a Montana mountain man as he awaits the arrival of his first child – but Jessica, 33, fears a reclusive life is going to give him cabin fever!

"Jessica really wanted to get away from Hollywood. She's already had a gorgeous nursery built for their baby in their Montana home, and she's ready to nest," a friend told The ENQUIRER.

"But at the same time, she's afraid she's pulling Justin out of his natural element!"

Pitt kids on Aniston alert

MADDOX and Shiloh Jolie-Pitt have discovered the joys of Googling and are searching the Internet to find out all about their famous parents – and dad's ex-wife, Jennifer Aniston!

The youngsters, said insiders, have become fascinated with their

parents' public lives. "Madd wanted to learn everything he could about his mom and dad," revealed a source. "He and Shiloh snuck onto the computer and set up a Google alert for Angelina Jolie, Brad Pitt and Jennifer Aniston – among a few other celebs!"

"They kept hearing Jennifer's name brought up by people, but they never fully understood why until recently!" "They just got curious about all the things being said about their family – and made the assistants promise not to tell Mom and Dad that they have the alerts!"

YOUR HEALTH

BY DR. STUART FISCHER, GIA PORTFOLIO & LAURIE MILLER

TEA IS SERVED FOR SKIN CARE!

FORMER child star Tia Mowry is launching her own show on the Cooking Channel – and she's come up with a new use for green tea! The beverage has been credited for fighting everything from cancer to cavities. But Tia freezes green tea ice cubes for her skin! "The trick is to melt one ice cube over your face in the morning," she said. "It hydrates your skin, and

you're getting natural antioxidants from the tea. The cold tightens your skin. It feels like you had a facelift!"

HEALTH NEWS YOU'LL USE

THE MAGIC OF MILK!

HERE'S great moos! The milk from a cow can juice up the levels of an antioxidant called glutathione in the brain – which helps keep older adults at the top of their mental game. "We have long thought of milk as important for your bones and muscles," said Debra Sullivan of the University of Kansas Medical Center, who has more news about milk as brain food! Three doses a day will hold off antioxidant damage in the brain related to Parkinson's, Alzheimer's and other age-related conditions.

EASING EASTER TIME ALLERGIES

PLANTS, flowers and allergies are all blooming in springtime. "Because there are millions of pollen particles in the air, finding relief can seem impossible," said Dr. James Sublett, president of the American College of Allergy, Asthma and Immunology. "The key is knowing what triggers them." Also, take an antihistamine before going outside – and if allergy meds don't provide relief, don't sneeze at the idea of going to the doctor for some shots.

THE CONS OF PRE-CANCER SURGERY

THE ever-inspiring Angelina Jolie has been in the spotlight for her surgery to remove her ovaries and fallopian tubes just two years after a double mastectomy – all in response to her testing positive for a faulty gene that gave her an estimated 87 percent risk of getting breast cancer, plus a 50 percent risk of ovarian cancer. Angelina shouldn't be inspiring every woman, though. "Testing hasn't been employed long enough to determine if this aggressive proactive approach saves lives," said Dr. Stuart Fischer. "Eventually, genetic testing will allow people to see if they have an increased likelihood of various cancers. But surgeons should never remove intestines, prostates, etc., based on a genetic 'maybe.'"

YOGA BEARS HIDDEN FRUIT!

WHILE yoga brings relief and strength to your muscles, it has even more assets to bring you closer to Nirvana. "Yoga is known to improve stress-related nervous system imbalances," said Dr. Chris Streeter, a researcher at Boston University School of Medicine.

She has discovered the ancient practice is effective in treating heart issues, anxiety and depression.

END YOUR PSORIASIS HEARTBREAK!

THIS unsightly condition affects about 7.5 million Americans, and leads to irritation and embarrassment – despite the outspoken ways of high-profile psoriasis sufferers like Kim Kardashian. The reality star uses makeup to cover the raised and itchy red, white or silvery skin patches. Treat your symptoms through at-home remedies like olive oil and Epsom salts. Hydrocortisone cream is also effective – but medication from a dermatologist brings the best relief.

You look *stunning!*

TAYLOR SWIFT

The "Shake It Off" songstress rocks a black sparkly Kaufman-Franco dress with cutouts at the iHeartRadio Music Awards in Los Angeles - with edgy open-toe Tamara Mellon heels completing a swift ensemble.

ZENDAYA COLEMAN

The Disney starlet shines in an eye-popping mini with a skinfully revealing cutout top by Fausto Puglisi. Those skyscraping pink pumps and matching lips were also a hit.

JANUARY JONES

At the "Mad Men" final season premiere, January brought Betty Draper up to date in a belted frock with elegant orange floral accents and matching strappy sandals.

LIV TYLER

Five weeks after giving birth, this sexy mama burst back onto the scene in a boyfriend-cut tuxedo blazer paired with slimming black leggings.

BRITTANY SNOW

The "Pitch Perfect" star keeps it clean in a Yigal Azrouël dress with diamond cutouts. Her metallic clutch and a flirty side braid amp up her elegant innocence.

...and misses!

You gotta be *kidding!*

BRITTANY KERR

Jason Aldean's new wife looked like she got caught in a sausage casing. Her skintight leather dress was more trashy than classy.

KALEY CUOCO-SWEETING

The "Big Bang" star landed with a big thud in this optical illusion of an outfit. There are way too many prints – and that Amish hairstyle doesn't help!

MEGHAN TRAINOR

The "All About That Bass" singer sank in this ill-fitting ensemble, featuring a bra-cupped bodice, sequin bolero jacket, too-tight skirt and tacky platform heels. Girl overboard!

RIHANNA

RiRi rocked out her new single, "B-tch Better Have My Mon-ey," wearing frog-colored fur with matching knee-high boots. It's not easy being green.

JESSICA SZOHR

Fifty Shades of Nay! The "Gossip Girl" alum has gotten too into the bondage thing. Is that a Bec & Bridge dress, or did she tie her outfit with rope and a bedsheet?

When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

CELEBRITY WORD MATCH

Find a word that can follow the word on the left and precede the word on the right. When you've filled in all the answers, the name of a celebrity can be read from top to bottom in one of the lines.

MOON						SCIENCE
CAR						AFTER

THE *other* OPRAH!

Winfrey saved my life, says amazing lookalike Carol

THERE'S a woman out there who looks more like Oprah Winfrey than Oprah herself – and credits the talk show queen with turning her life around, The National ENQUIRER has discovered.

"Oprah literally has saved my life," said Carol Woodle. "There was a time when I was so low and helpless I questioned whether I could go on.... But now I live and breathe the positivity that Oprah tells us all to channel."

The mom of three hit bottom in 1992, when her then-husband disappeared after cleaning out their bank account. Her 17-year marriage in tatters, she had kids to feed, no money and no job.

She recalled pawning her wedding ring to buy a gallon of milk, a loaf of bread and gas for the minivan in which her family lived for two months until moving in with a relative in California.

Then, in 2007, a friend advised Carol to capitalize on her uncanny resemblance to Oprah by entering a TV lookalike contest.

Although she didn't win, a star was born, and today 59-year-old Carol is one of the most sought-after celebrity doubles around, earning a living by playing Oprah at occasions ranging from birthday parties to corporate events.

"Thanks to [Oprah] I am happy, have married my dream man, have put a home over my family's heads and am making a living out of making people smile," Carol explained.

"I am living proof that dreams do happen; you just have to believe it."

And that looks like the reason Carol appears on this week's Odd List!
